Issued Dec. 10, 1875.

UNITED STATES PATENT OFFICE.

FREDERICK S. SHIRLEY, OF NEW BEDFORD, MASSACHUSETTS.

DESIGN FOR LAMP-CHIMNEYS.

Specification forming part of Design No. **8,848**, dated December 14, 1875; application filed September 17, 1875.
[Term of Patent 7 years.]

To all whom it may concern:

Be it known that I, FREDERICK S. SHIRLEY, of New Bedford, county of Bristol and State of Massachusetts, have designed an Ornamental Pattern Lamp-Chimney for Kerosene and other Lamps, making the same ornamental or more pleasing to the eye than those commonly in use, of which the following is a specification:

My design consists in making the chimney of a graceful form and line, and such as should not be detrimental to burning of lamp, and ornamenting same with a scalloped or crimped top, and engraving or cutting a design or pattern around same, as shown in the accompanying photograph.

I am aware globes and shades have been made and ornamented in the manner above described, and I do not claim the above on shades or globes.

What I claim is—

A design for a lamp-chimney having the elongated ornamented body A, conical base B, and scalloped mouth C, as shown and described.

FREDK. S. SHIRLEY.
